BASIC stand product

Image for illustration purposes only.

This stand product includes:

- Pure provision of the stand area including grey carpet

You design it just as you wish.

Please observe the guidelines on stand construction in our Exhibitor Handout!

The stand areas are marked out on the hall floor by the organiser (floor plan). The backs of the dividing walls of neighbouring exhibitors may not be used without the prior agreement of the neighbour. If required, you can order partitions through our [Exhibitor Shop*](#); a charge will be made for these. A sketch should be attached with the order, showing the arrangement of the walls.

Wall dimensions:

- No walls included in this stand product

Lighting:

- No basic illumination included in this stand product

Power supply:

- A **basic power connection (220 V | max. 3.6 kW | incl. 3-way socket)** for € 115.00 is automatically added to each stand registration.
- You can cancel your basic power connection and/or book additional connections in our [Exhibitor Shop*](#).

Would you like to add services that are not included in your stand package?

* In our online portal under [Exhibitor Shop](#), you will find everything you need for a successful trade fair participation.

Co-exhibitors

Are you a manufacturer/sales representative and sharing stand space with a partner? In addition to the standard stand space, please place one additional order in our online portal for each co-exhibiting business. You will be charged a registration fee per co-exhibitor. Each exhibitor will appear separately in the catalogue of exhibitors.

Additional brand listing

Are you a manufacturer/sales representative representing several brands on your stand?
Please place one additional order in our online portal for each brand, so that it can be given a separate listing in the catalogue of exhibitors. A separate charge of € 49.00 will be made for each brand listed.
